Yorker No. 2. Maggie Murphy. Alexander's Prolific. Seneca Beauty. Irish Cobbler. Rose of Erin. State of Maine.

SELECTED SEED POTATOES.

(Northern Grown,)

A SPECIALTY.

Northern Grown Seed Potatoes are universally acknowledged to be the very best. Grown in the cold North East, where nature and the elements alike decline existence to all but the very hardiest varieties, they inherit those stable qualities which make incontestable their position as leaders in the Seed Potato World. We make a specialty of and handle this seed only. The prices on this class of seed may rule somewhat higher than Western and home grown stocks; but when quality and productiveness are considered, they will be found by far the cheapest and most remunerative to growers.

Many of our customers report that our seed potatoes make stronger plants, stand bad weather better, and consequently make much heavier crops than other seed planted along side. In fact, many of them have stopped planting homegrown seed claiming that the increased yield obtained from using our northern grown seed more than justifies them in paying the difference in price.

Customers writing for prices will please specify the number of barrels of each kind wanted.

ESTABLISHED 1876.

I. W. SCOTT & CO'S

Market Gardeners' Price List of Seeds.

In presenting our SPECIAL MARKET GARDENERS' SEED PRICE LIST FOR 1903, we desire to thank our many customers for the liberal patronage we have enjoyed during the past season. We will always endeavor to merit a continuance of this patronage by furnishing the best seeds that we can procure. We buy from responsible and experienced growers only, and while we do not claim to compete with all other dealers in the matter of prices, we have made the lowest prices possible for fresh reliable seeds.

Our Seed Department is in charge of practical seedsmen who have had many years of experience in supplying the gardeners of Western Pennsylvania with seeds, especially the market gardening trade in the vicinity of Pittsburg.

Soliciting your orders which will always have our prompt personal attention, we are,

Very respectfully yours,

I. W. SCOTT & CO.

ORDER EARLY.

Owing to the short crop of many varieties of garden seeds, which in some cases amounts to almost an entire failure, we advise our customers to send in their orders early, while our stock is complete, as a second supply can only be procured, if at all, at advanced prices.

REMARKS TO PURCHASERS.

SEEDS BY MAIL.—Sending Seeds by mail is a very important branch of our business, and we are fully prepared to fill all orders promptly and correctly. The postage is but 8 cents per pound, and our customers living at a distance from a railroad station will find this a convenient and safe way to get what seeds they want. For Peas, Beans and Corn, add 15 cents per quart to prices quoted.

REMITTANCES can be made by postal money order, bank draft, registered letter, express company's money order, or by express.

Amounts less than Two Dollars may be remitted in Postage Stamps.

SHIPPING INSTRUCTIONS.—When goods are to be shipped by freight or express, give plain shipping instructions. Otherwise we use our own judgment in this matter.

TERMS.—Parties unknown to us will please send money as above stated, or satisfactory reference with order.

VEGETABLE SEEDS.

Prices subject to change without notice.

Seeds in papers, 5 cents each, except Cauliflower; for prices on this, see under head of Cauliflower.

Half bushels will be charged at bushel rates; half pecks at peck rates; half pounds at pound rates. Less than half pecks at quart rates; less than quarter pounds at ounce rates.

FLOWER SEEDS.

SWEET FLOWERING PEAS.

Every One Who Cultivates Flowers Should Plant Sweet Peas.

The Sweet Pea is one of the most popular flowers in cultivation and numbers among its enthusiastic admirers thousands of skillful cultivators. It is a free flowering climber, and considered one of the best annuals that enrich the flower garden.

Early in spring make a trench about six inches deep, in rich, mellow soil, so arranged that no water can stand in it, and plant the seed in the bottom, taking care not to cover it more than two inches. When the plants are about five inches high, fill up the trench, and furnish some support for the vines to run upon. The flowers should be picked before they form pods, or the plants will soon stop flowering.

ORDER EARLY.

Owing to the short crop of many varieties of garden seeds, which in some cases amounts to almost an entire failure, we advise our customers to send in their orders early, while our stock is complete as a second supply can only be procured at advanced prices.

TERMS.

Parties unknown to us will please send money as before stated, or satisfactory reference with order.

While we exercise the greatest care to have all Seeds pure and reliable, we do not give any warranty, expressed or implied. If the purchaser does not accept the Seeds on these terms and conditions, they must be returned at once, and the money that has been paid for the same will be refunded. Soliciting your orders, which shall always have our prompt personal attention, we are,

Very Respectfully,

I. W. SCOTT & CO.

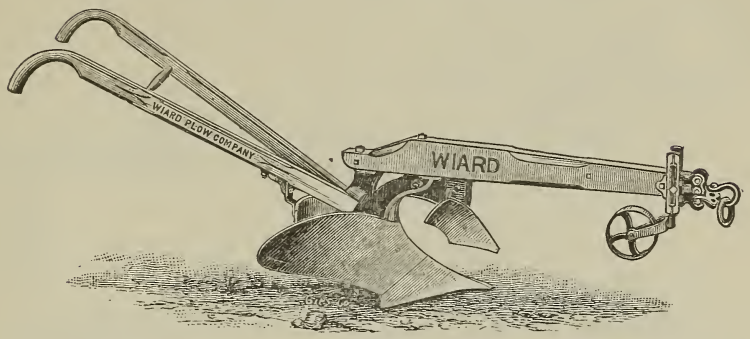
CANADIAN UNLEACHED HARD WOOD ASHES.

These ashes are selected with care, sifted and guaranteed free from adulteration and pure unleached. They make an excellent fertilizer for grass lands and garden and fruit crops. Ask for special circular.

NO. 10 C, WIARD ONE-HORSE GARDEN AND VINEYARD CHILLED PLOWS—RIGHT HAND.

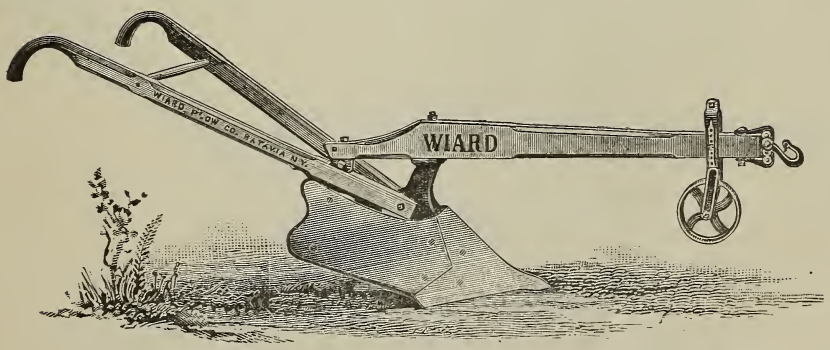


No.	Size.	Capacity.	Weight with Clevis.
10C,	One-horse,	4 to 7 inches deep, 6 to 11 inches wide,	77 lbs.

This plow has adjustable beam, automatic wheel and Scotch clevis. It has handles that shift from left to right, so that the plow can run close to trees, hop poles, vines, etc., especially adapting it for vineyard work, as it can be run under grape trellis wire. The handles also adjust in height for a tall man or a short boy.

Price: Plain, Without Wheel and Jointer - $6.75
" With Wheel - - - - - - 7.75
" " " and Jointer - - - 9.25

NO 21, WIARD PATENT SWIVEL PLOW—ONE-HORSE.



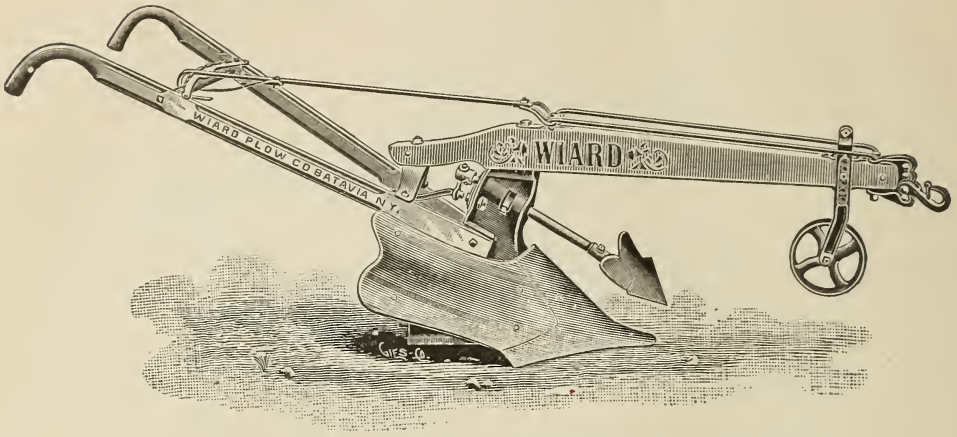
By an ingenious but simple device attached to the No. 21 one-horse plow it can be used with the horse walking in the furrow, a great convenience for garden and vineyard work, and can be used with two horses when an exceedingly light two-horse swivel plow is wanted.

Price: With Wheel - - - - - - $8.50
" Without Wheel - - - - - 7.50

THE WIARD PATENT SWIVEL PLOW.

With Chilled Mold-Board and Automatic Jointer or Coulter.

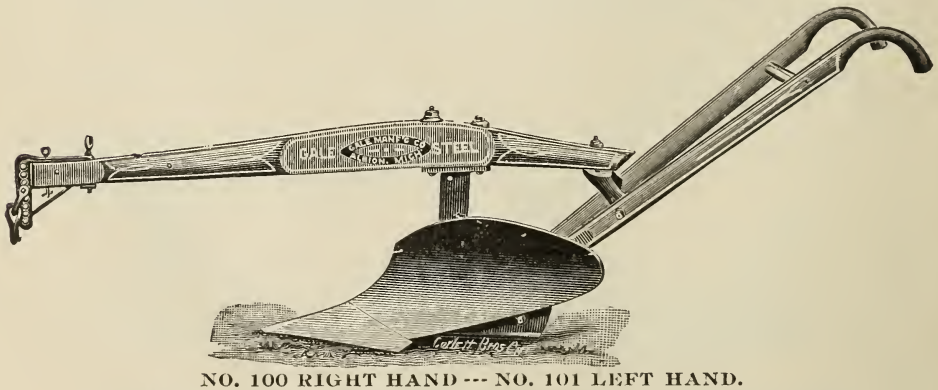
Patented August 3d, 1886, and July 17, 1888.



NO. 140 TWO-HORSE.

This cut shows our Swivel Plow rigged with Jointer, Wheel and Patent Adjustable Clevis, by which the Plow is caused to take more or less land, at the will of the Plowman, entirely overcoming all objections to its use on level land. These Plows are also used for flat or level land plowing, and we can heartily recommend them. Price as above described, $13.00. If Wheel is not wanted, deduct $1.00; if Jointer is not wanted, deduct $2.00.

The Celebrated Gale Chilled Plows.



NO. 100 RIGHT HAND --- NO. 101 LEFT HAND.

The Gale Chilled Plows are too well-known for us to describe them here. We keep an assortment of all sizes on hand, and pronounce them the best Plow made for general purposes.

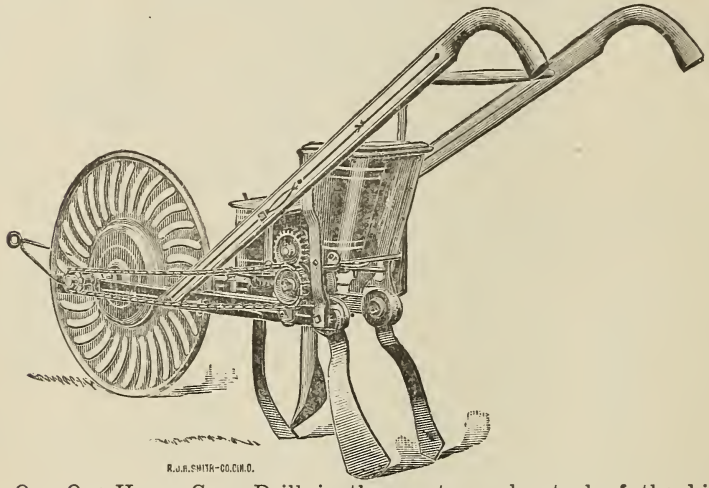
HOOSIER ONE-HORSE HOE CORN DRILL.

With or without Fertilizer Attachment.



Our One-Horse Corn Drill is the most popular tool of the kind made, and is noted for its excellence and general good qualities. It is now made entirely of steel and iron, with the exception of the handles, and the material is distributed in such a way as to give the greatest strength and the least weight possible. It is, therefore, strong and light. The material used is the best possible to obtain for the purpose. All wearing parts, such as the hoes, coulters, shoes and covering shares, are made from high grade steel, that insures the greatest possible amount of wear.

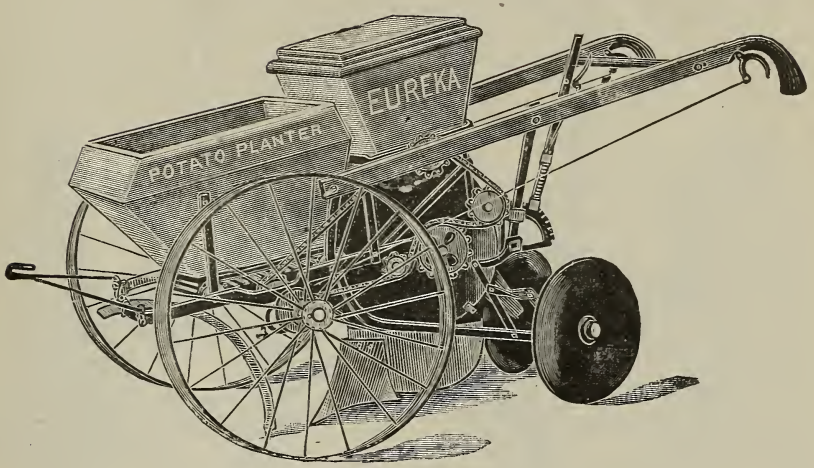
Price with Fertilizer Attachment $14 00
Price without Fertilizer Attachment 11 00

HOOSIER TWO ROW CORN PLANTERS.

We furnish these either Hill or Drill Drop with or without Check Rower, Plain or with Fertilizer Attachment. Ask for special circular and prices.

HOOSIER GRAIN DRILLS.

We have these in all the different styles and sizes, Plain or with Fertilizer Attachment. Ask for special catalogue and prices.



EUREKA POTATO PLANTER.

The Eureka Potato Planter is not an experiment; we have sold it now for three years and it gives perfect satisfaction. While it is light draft for one horse and easily operated by one man, it will do equally as good work as any two horse planter that requires two men to operate and costs a half more. It is a simple machine, all changes quickly and easily made.

It is light, strong and durable.
It is 95 per cent correct in its drop.
It covers perfectly.
It will sow fertilizer correctly.
It will sow from 150 to 700 pounds fertilizer per acre.
It plants whole or cut seed.
It will plant any depth required.
It will drop seed in the row any distance desired apart.
It will hold 1¼ bu. of potatoes.
It will hold 50 pounds of fertilizer.
It turns easily at the end of row.
It has marker for marking return row.

The potatoes are dropped an equal distance apart, as regulated. The potato is partially covered by earth; the fertilizer is dropped and does not come in contact with the potato; the discs cover both potatoes and fertilizer any depth desired.

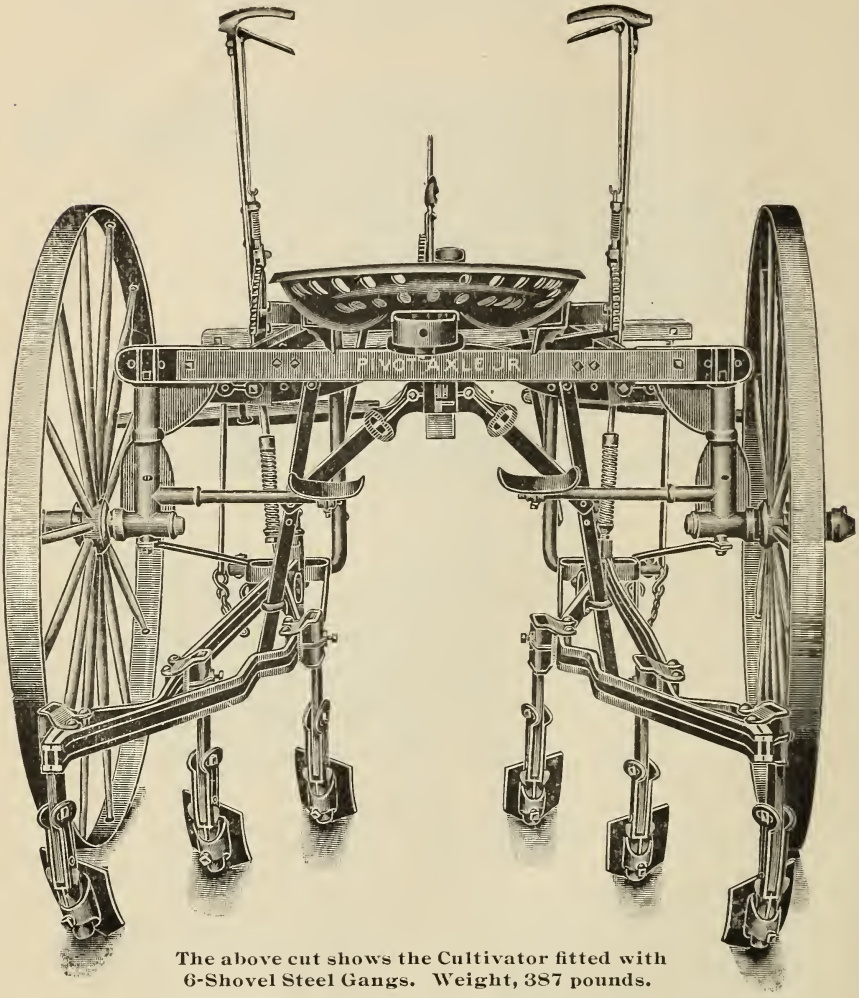
We Guarantee the Eureka Potato Planter to be as represented.

Price, with Fertilizer Attachment,	**$42.00**
" without " "	**39.00**
Shafts, extra	**3.00**
Pole (No Doubletrees or Yoke) extra	**3.00**

GALE PIVOT AXLE JUNIOR RIDING CULTIVATOR.

Here is one of the latest styles of Riding Cultivators.

The frame is entirely of steel and malleable iron, and is strongly braced. This Cultivator is intendtd for crops planted in narrow rows —can be used where crops are planted as near as 28 inches.



The above cut shows the Cultivator fitted with 6-Shovel Steel Gangs. Weight, 387 pounds.

It works to perfection in Potatoes, Tobacco, Beans, Cabbage and Corn.

This Cultivator is four feet between wheels, can be narrowed to three feet.

The wheels are three feet six inches high, with 2-inch tire, flat outside and oval inside to shed the dirt.

PIVOT AXLES.—There is a special feature about this cultivator which makes it popular, viz., the foot rests for guiding cultivator are adjustable to any position. The operator can control the wheels and gangs simultaneously by pressing the foot rests. A very important feature in dodging irregular plants and for side hill cultivation.

The Gangs pivot from the front and with our patent Section Lift, gives them level motion at all times.

It has a "Draw in Hitch" which is necessary to the good working qualities of a Pivot Axle Cultivator.

THE CENTER LEVER.—While the machine is in motion the Center Frame Lever can be set to instantly place the shovels and gangs to any desired width.

With six shovels, bull tongues, fenders and hilling shovels.

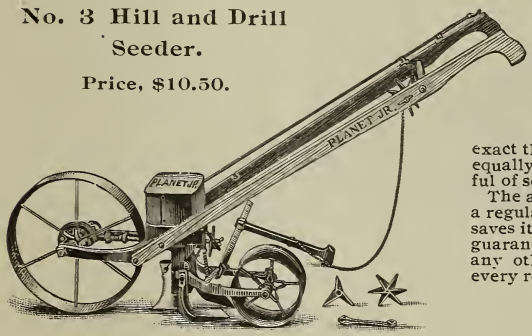
PRICE, :: :: :: $30.00

Planet Jr. Farm and Garden Tools

Space will not permit our showing and describing all of the "Planet Jr." tools, but we will send a fully illustrated catalogue *free for the asking* to any who desire it, and we can supply promptly anything ordered. "Planet Jr." goods are standard machines, the best on the market. In sending your orders to us, you can rely on getting bottom prices.

No. 3 Hill and Drill Seeder.

Price, $10.50.

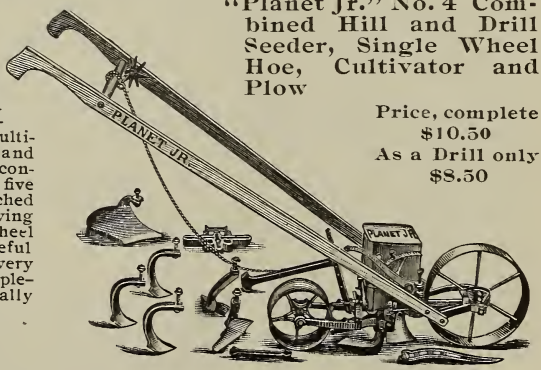


THIS seeder is the latest and most perfect development of the hand seed drill. It sows evenly in drills, and also drops in hills, at 4, 6, 8, 12 or 24 inches apart. No time is lost; no seed is wasted. It is quickly set to sow different kinds of seed in the exact thickness desired. It runs light, and sows equally well with a full hopper or a tablespoonful of seed. The hopper holds three quarts.

The accurate hill-dropping drill, which gives a regular stand of plants with the least seed, saves its cost over and over in seed alone. We guarantee this drill to be more accurate than any other made, and to give satisfaction in every respect.

"Planet Jr." No. 4 Combined Hill and Drill Seeder, Single Wheel Hoe, Cultivator and Plow

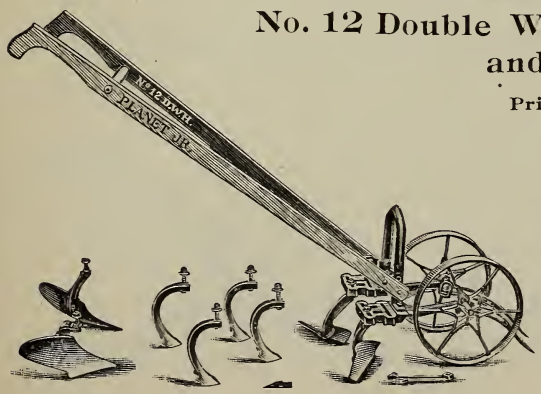
Price, complete $10.50
As a Drill only $8.50



THIS admirable tool combines in a single convenient implement a capital hill-dropping seeder, a perfect drill seeder, a single wheel hoe, a cultivator, and a plow. It holds two quarts and as a seeder is like the No. 3, sowing in continuous rows, or dropping in hills at five different distances. The drill is detached and the tool frame substituted by removing but one bolt. It then becomes a single wheel hoe, garden plow or cultivator. It is useful almost every day of the season, at every stage of garden work. With this one implement the small farmer can do practically all the work in his small crops.

No. 12 Double Wheel Hoe, Cultivator and Plow.

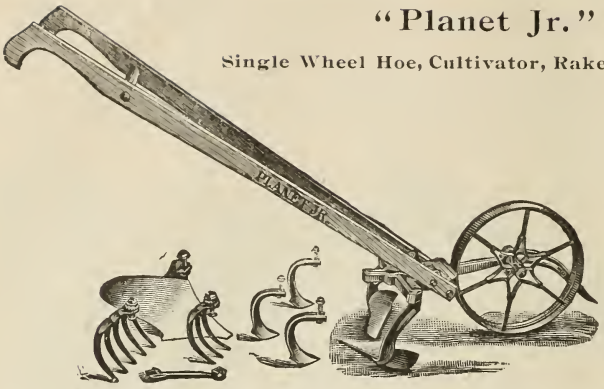
Price, $7.00



THIS perfected wheel hoe is invaluable for use in all small crops. Its variety of work is almost incredible. Changes and adjustments of the tools are made with the greatest quickness. The wheels can be set at different distances apart; the frame at different heights. The handles are adjustable an any height, and, being attached to the arch, are undisturbed in making changes of adjustment in frame, wheels or tools. The arch is unusually high; the quick change frame permits the tools to be changed without removing the nuts.

"Planet Jr." No. 16

Single Wheel Hoe, Cultivator, Rake and Plow. **Price, $5.85**



THIS latest and best single wheel hoe has a very full set of tools, several of them being of new design, such as have been found to work in the very best manner. It is very light, strong and easy running. It has adjustable handles and quick-change frame. The tools are a well shaped plow for marking out, plowing, covering, and late cultivation; a pair of 6-inch shield hoes and three all steel patent cultivator teeth; also a set of two rakes, just the thing for preparing ground for the seed drill. A leaf-guard holds up the plants, while thorough work is being done underneath; the wheel may be attached to the other side of the frame, when both sides of the row may be hoed at one passage.

"Planet Jr." No. 8 Horse Hoe

Price, $8.50.

PROBABLY no other cultivating machine is so widely known as the "Planet Jr." Combined Horse Hoe and Cultivator, for it is in use throughout the civilized world. It is so strongly built as to withstand incredible strain; yet it is light and easy to handle.

The Frame is extra long and high making a tool that will not clog easily.

The Stiff Steel Standards are hollow with round throats; they polish quickly and free themselves from obstructions.

The Depth is under perfect control by a new lever wheel and patent depth regulator, making exact work, steadying the machine and relieving the operator.

The Expander is an entirely new pattern, superior to all other forms.

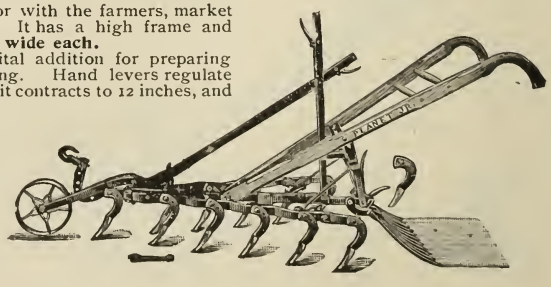
The Handle and Braces are also new, and the most effective and stiffest combination known, yet allowing every adjustment of handles **in height and sidewise.**

The Reversible Side Hoes patented, are an important part of the implement. They act as plows or hillers, but when turned end for end the tool becomes a genuine horse hoe, working so shallow and so close, without injury to the roots, that an immense amount of hand labor is saved.

Every part is perfected to make the tool acceptable to the intelligent farmer, who knows the best is always the cheapest. Without Depth Regulator, (order as No. 7) **Price, $8.00.**

"Planet Jr." Twelve-tooth Harrow and Cultivator.

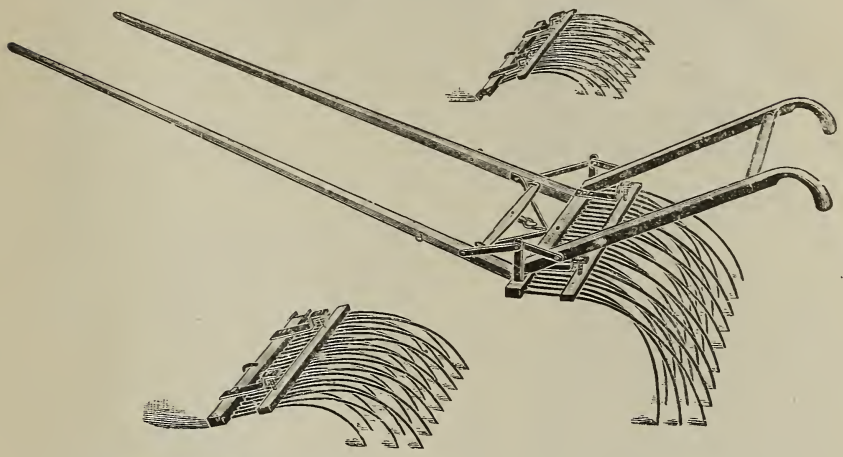
Price, Plain, $5.80 **Price, with Wheel, $6.90** **Price, Complete, $8.50**



THIS tool has rapidly grown into favor with the farmers, market gardeners and strawberry growers. It has a high frame and the chisel-shape teeth **cut an inch wide each.**

The Foot Lever Pulverizer is a capital addition for preparing ground for the seed drill or for plant setting. Hand levers regulate both width and depth **while in motion**; it contracts to 12 inches, and it expands to 32 inches. It cultivates deep without throwing earth upon the plants, and the smooth, round-throated teeth turn strawberry runners without injuring them. Strawberry Runner Cutter Attachment consisting of a 10-inch flat steel disc mounted on out-rigger, extra. **Price, $1.75.**

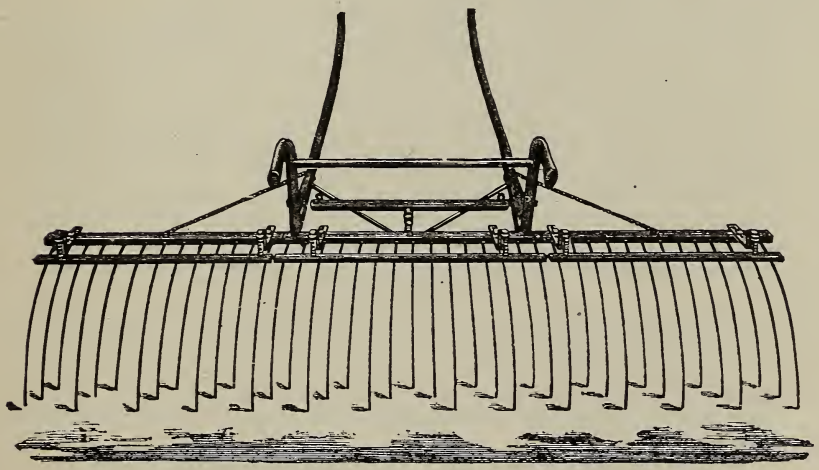
EUREKA SECTIONAL ADJUSTABLE WEEDER.



Cut Showing Wings Detached. The Main Head, 2 feet 9 inches long, can be used as a Cultivator.

Any number of Teeth can be easily removed, as they are firmly held in pairs by a clip and one bolt. This is a very valuable feature, and will be highly appreciated by the farmer.

Shafts are Adjustable to the Height of any Horse.
Handles are Adjustable to the Height of any Man.



Cut showing Wings Attached. The Wings are Hinged to Main Head. A Solid Head can be made by putting in a Single Bolt on each Wing. Price $10.00.

Pat. March 16 and Nov. 9, 1897
Pat. in Canada Nov. 2, 1897,
and Jan. 25, 1900.

BUG DEATH.

This Insecticide and Plant Food Combined has been on the market for six years and its sales have shown a large increase each year. We can say to our customers that we give Bug Death our fullest endorsement. While the first cost to kill the bugs on an acre of potatoes is rather more than the arsenical insecticides, the results at harvesting time are entirely satisfactory, and where practical tests have been made the extra yield of marketable potatoes has more than paid the entire expense. It is non-poisonous, which makes it perfectly safe to us on all plants or vines. Bug Death prevents blight.

Bug Death is also extensively used for spraying fruit trees. It has been thoroughly tested by the large peach and apple growers of Maine, Nova Scotia, and Massachusetts, with excellent results.

100-lb. "	7 00
Perfection Shaker for applying Bug Death	65

Bug Death may be applied dry with the Perfection Shaker, or with a small bag made from burlap or gunny cloth having the right mesh; also mixed with water and sprayed.

This improved Bug Killer and Fertilizer is positively the quickest and surest death to all insects, worms, beetles, bugs and other pests upon vegetation, that has ever been discovered.

Quick Death is a whirlwind of destruction to Potato Bugs and at the same time fertilizes and invigorates the plants. This means that if you use Quick Death your potato vines will be green and growing days after those of your neighbors are dead.

Pumpkin bugs, squash bugs, watermelon bugs, rose bugs, cabbage worms, currant worms, tobacco worms, cotton worms, sugar beet bugs and all others of the same nature are also speedily killed.

Quick Death, unlike Paris Green, does not burn the leaves.

DIRECTIONS.

Quick Death should be applied to the leaves or vines in its powdered state when the leaves or vines are damp or moist as from dew in the morning or after a rain.

A "World's Best" Sifter is the best thing for applying Quick Death. It can also be sifted through a burlap sack or other moderately coarse cloth. The "World's Best" Sifter is, however, more economical.

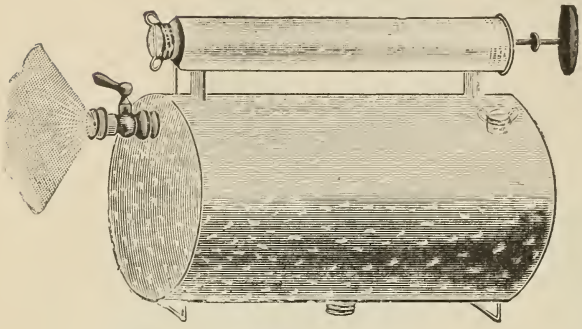
No. 30, Smith's Compressed Air Sprayer.

Patented March 27. 1900; Nov. 8, 1898; Sept. 13, 1898.



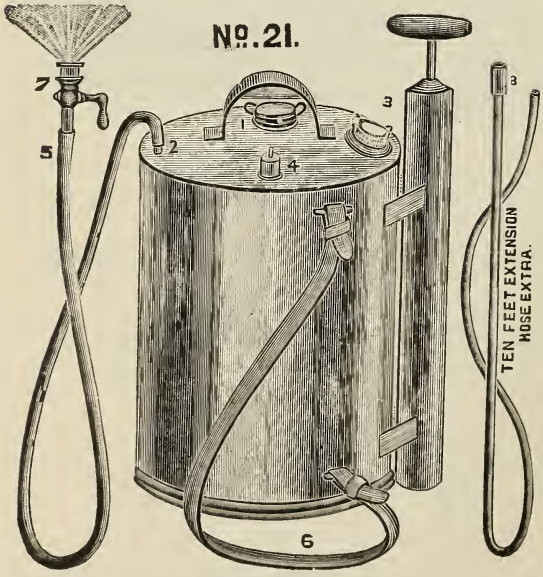
Holds two Gallons, with air chamber and reservoir made horizontal, making it convenient to carry. It is also provided with clean-out hole, as is shown in Fig. 2; and at Fig. 3 the inside valve can be reached with ease, which is very necessary as this valve must be oiled to prevent it from rusting, especially when putting it away.

The filling hole is at Fig. 1, the discharge at Fig. 4, with stop cock, and for removing the plunger is at Fig. 5, making all parts convenient and accessible.

This sprayer is provided with two nozzles, one for fine spraying and one for tree spraying. We can also furnish this Sprayer, with extension hose, which we recommend for spraying in greenhouses and shrubbery, and also for tree purposes. It will throw a spray 20 feet high. This Sprayer is made of galvanized iron.

Price without Extension Hose $2 00
Extension Hose Extra 75

Lightning Compressed Air Sprayer.



The No. 21, Sprayer is made of heavy galvanized iron, nicely painted. It holds four gallons, and no labor required to operate it. Simply fill the reservoir one-half or two-thirds full of liquids, pump in the air and it will spray out the entire contents.

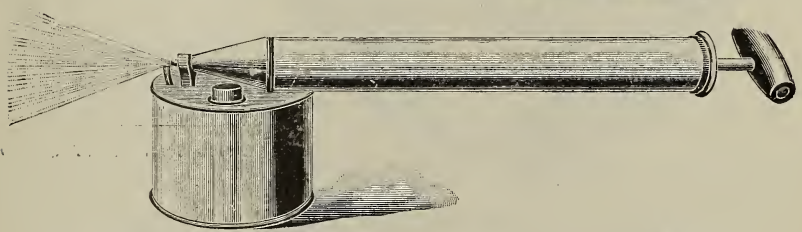
This Sprayer is made with a screw cap as shown in Fig. 3, so that the inside valve may be gotten at with ease, the safety valve is at Fig. 4, the filling hole at Fig. 1, and the discharge pipe at Fig. 2. This Sprayer is also provided with hose, faucet, two nozzles, and shoulder strap, and is adapted for all kinds of spraying and will kill any insect living when the proper ingredients are used. We can also furnish this Sprayer, with extension hose, which we recommend for spraying in greenhouses and shrubbery, and also for tree purposes.

Price without Extension Hose 4 00
Extension Hose Extra 75

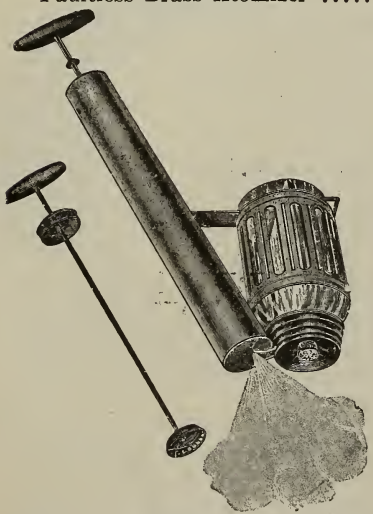
Everitt's Electric Sprayer.

With Extension Handle.

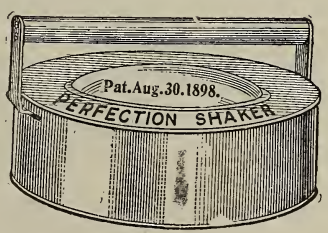
This popular Sprayer is fitted with an extension handle which enables the operator to spray ordinary sized trees as well as low bushes and vines. Price with extension handle, $1.00.



Faultless Tin Atomizer $0 50
Faultless Brass Atomizer 1 00

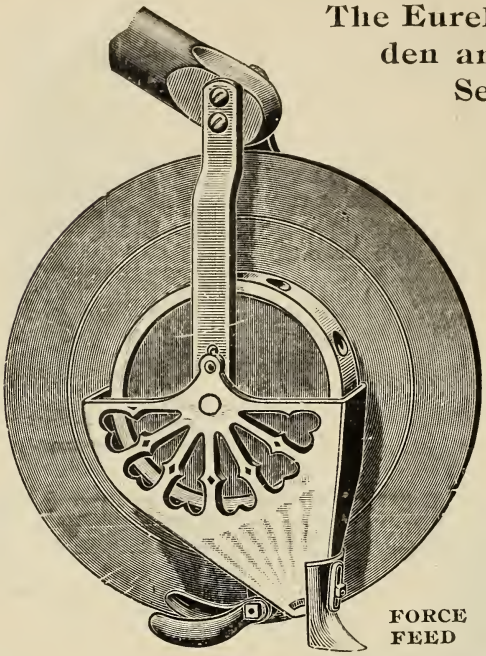


Glass Jar Atomizer .....$ 75



Perfection Shaker for applying Insecticides in powder form. Price, 65 cents.

The Eureka Kitchen Garden and Hot Bed Seed Drill.



FORCE FEED

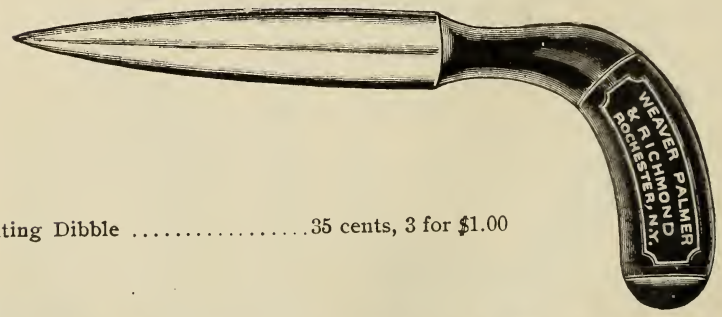
It will sow and cover Beets, Cabbage, Carrots, Celery, Lettuce, Onions, Radishes, Spinach, Turnips and all such seeds with the greatest regularity. The quality of work equals that done with the costly machines and is infinitely better and faster than hand work.

HAVE YOU A HOT BED?

It is the **only** machine suited to sow in a hot bed. Sows up close to the sides in straight rows. Sows the smallest packet of seeds as well as a larger bulk. This Drill is not a toy, but a strong, practical machine that will last many years.

By using this Drill you save seed, you save time, you stand in an upright position, the work is easy, you get a better stand, you get better plants.

PRICE IS ONLY $1.00



Planting Dibble .....35 cents, 3 for $1.00

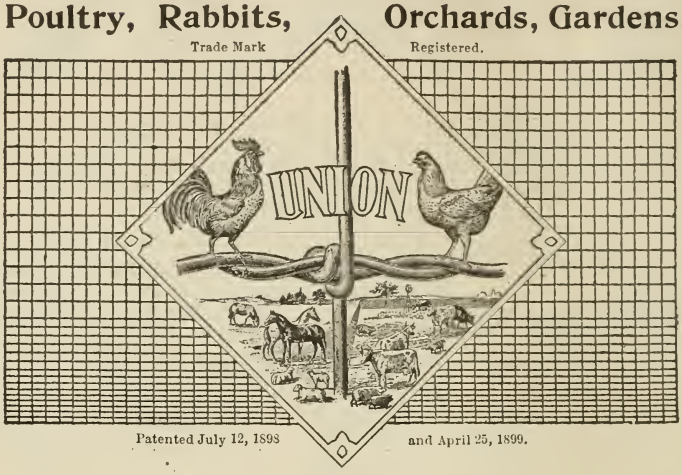
To carry up to 6,000 pounds for 36, 38 and 42 inch bolsters	11 25

UNION LOCK POULTRY FENCE.

For Poultry, Rabbits, Orchards, Gardens, etc.

All main strands are two wires twisted together.



Pickets 3 in. apart. Cables 1¼ in. apart at bottom.

This new fencing for Poultry Yards will supersede the old style 2-inch mesh wire fence as soon as its merits become known. In the wider sizes it is but little more expensive than the regular 2-inch mesh netting, and the fine mesh at the bottom will appeal to every practical poultry raiser as a great advantage.

PRICE LIST.

	Per Roll		Per Roll
165 feet long, 2 feet wide..	$2 60	165 feet long, 5 feet wide..	$4 50
165 feet long, 3 feet wide..	3 25	165 feet long, 6 feet wide..	5 00
165 feet long, 4 feet wide..	3 90	165 feet long, 7 feet wide..	5 75

In comparing above prices with ordinary poultry netting, remember these rolls are 15 feet longer.
